Since our beginning in 1956, the mission of Senior Resource Connection has been to collaborate with community resources and provide services that support seniors, adults with special needs, and their caregivers to maintain quality independent lives. The organization strives to be in the forefront of developing new program initiatives and providing critical services for our community's older adults and special populations. On an annual basis the organization serves well over 10,000 individuals and their care givers.

"Thanks to Visiting Home Care, I don't have to worry about my mother being home alone."-Tina

"Thank you so much for the services you have provided for my father. I deeply appreciate your dependability."-Paul

"Please let everyone know at Meals on Wheels how much we appreciate their loving care."-Betty

Philips Lifeline:

Lifeline is an easy-to-use medical alert service designed to reduce the risk of living alone. In the event of a fall or emergency, help is available at the push of a button 24/7. Locked, monitored medication dispensers are also available.

Congregate Dining:

We provide dining experiences for seniors age 60+ who wish to enjoy the company of others during meals. We partner with restaurants, senior centers, churches, and other facilities in the Miami valley to create low-cost, nutritious meals served in a group setting.

Community Geriatric Nurse:

Our program provides Montgomery County residents age 60+ an opportunity for a comprehensive health care assessment and referrals to pertinent other healthcare professionals. Face to face assessments are completed by experienced Registered Nurses.

Care Coordination/Caregiver Support:

Our services are based upon an individualized care plan that is mutually developed between the client, their caregiver and the Care Manager responsible for the coordination of the designated services. The Care Manager, a Registered Nurse, reviews the information and completes a comprehensive in home assessment using considerations such as income and functional level.

Nutrition Program (Meals on Wheels):

Meals on Wheels is the only local provider for hot nutritious and delicious meals delivered daily to the client's door. Special diet/therapeutic foods and kosher meals are also available to meet the unique needs of each client. More than a meal, our trained drivers provide a friendly and daily personal contact that improves the lives of our clients and their family's sense of well-being.

Visiting Home Care:

Visiting Home Care provides assistance in each client's home with bathing, dressing, meal preparation, and light housekeeping when health problems arise. Our friendly, well qualified staff is on call 24 hours each day to address the ongoing needs of our clients.

Representative Payee Program:

We serve nearly 350 Montgomery County residents age 60 and older in need of an independent party to address the handling of their ongoing financial affairs. The program is certified by the Social Security Administration as an authorized representative payee program working in conjunction with Adult Protective Services and local mental health agencies.

Case Management:

Our services allow for the in-home intervention by professional case managers, who assist individuals age 60 and older in establishing a network of services that promote continued independent living.
